

# RCSI LAB SAFARI

EVER WONDERED WHAT THOSE PEOPLE IN WHITE LAB COATS ACTUALLY DO?  
COULD YOU BE ONE?

**Join us** for an opportunity to see exactly what happens in a research laboratory. The department of Molecular and Cellular Therapeutics (MCT) at RCSI is opening its doors for a science week interactive tour. Visitors will get to interact with high-profile scientists, explore our labs and perform some hands-on science activities.

**Anyone considering a career in science** is welcome but we particularly encourage **young women/girls** to attend, to promote the full participation of girls and women in science.

**TUESDAY, 14<sup>th</sup> NOVEMBER, 2017 5PM – 6.30PM**  
RCSI, ST STEPHENS GREEN, DUBLIN 2

## TO REGISTER

The event is free but **pre-registration** is required

**Queries:** Tel: 01 402 2420 Email: [agrady@rcsi.ie](mailto:agrady@rcsi.ie)

\*This is a real working research lab so due care must be taken and all instructions must be followed.
